Programme Benefits

The program is uniquely designed for you to obtain three different academic/professional awards upon completion of the Diploma:

- **Diploma in Accounting**
- **Certified Accounting Technician (CAT)**
- **Association of International Accountants (AIA)**
(equivalent to Hons. Degree)

The above is possible as you may take the CAT and AIA exams at different stages of the Diploma program.

Firstly, you may obtain a CAT qualification by sitting for the CAT exam after completing the first and a half year of the Diploma. You would only need to pay for the Registration and Exam Fee. Once you pass you would obtain a professional certificate in Certified Accounting Technician (CAT).

Secondly, you may obtain a professional accounting qualification namely the Association of International Accountants, UK (AIA) by sitting for the final four papers of AIA after the diploma program. The Diploma curriculum would sufficiently prepare you for the Exam. You would only need to pay for the Exam Fee and Exemption Fee. The qualification is recognized by 30 different countries internationally. It is also recognized as equivalent to an Honours Degree by the Malaysian Government.

In short, by doing ONE Diploma you may obtain THREE different qualifications!

Entry Requirements

3 credits in any subjects and pass in Bahasa Malaysia (SPM/SPVM)
